APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:
This permit is issued subject to existing rights. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. It is also understood that this right must allow for a reasonable lowering of the static water level. This well shall be equipped with a two (2) inch opening for measuring depth to water. If the well is flowing, a valve must be installed and maintained to prevent waste. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water place to beneficial use. The totalizing meter must be installed before any use of water begins, or before the Proof of Completion of Work is filed. This source is located within an area designated by the State Engineer, pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.
This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.
(CONTINUED ON PAGE 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.4739 cubic feet per second but not to exceed 30.3273 acre-feet annually and not to exceed a yearly duty of 5.0 acre-feet per acre of land irrigated from any and/or all sources.

Work must be prosecuted with reasonable diligence and be completed on or before December 30, 1989
Proof of completion of work shall be filed on or before January 30, 1990
Application of water to beneficial use shall be made on or before December 30, 1991
Proof of the application of water to beneficial use shall be filed on or before January 30, 1992
Map in support of proof of beneficial use shall be filed on or before January 30, 1992

Completion of work filed JAN 03 1990
Proof of beneficial use filed FEB 22 1993
Cultural map filed
Certificate No. 13737 Issued SEP 15 1993
IN TESTIMONY WHEREOF, I PETER G. MORROS
State Engineer of Nevada, have hereunto set my hand and the seal of my
office, this 30th day of December
A.D. 19 88
Peter G. Morros
State Engineer

(PERMIT TERMS CONTINUED)

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is issued under the provisions of NRS 534.120(2) as a preferred use.

This permit is issued consistent with the State Engineer's Order No. 955 dated October 26, 1987.

The permit issued for the irrigation of 6.065 acres of land within the described place of use previously irrigated under forfeited Permit 17117.
